### FOR IMMEDIATE RELEASE

### EXTENSION OF DEADLINE FOR PAYMENT OF DUES AND INTERIM DIRECTIVE

This letter is to formally notify all stakeholders that, following numerous reports of challenges encountered with the online dues payment platform, the deadline for the payment of dues has been extended to Tuesday, May 5, 2026. The IT Directorate is actively working to resolve the technical issues and ensure the system's full functionality.

In light of the payment difficulties experienced by members, all Polling Station Elections Committees are hereby directed that proof of payment of dues shall not constitute grounds for the disqualification of any prospective candidate during this period.

However, the Polling Station Elections Committees are required to record the names of those who have successfully paid their dues as well as those who are yet to pay their dues.

The National Secretariat shall publish the list of all members who are in good standing and have fully paid their dues before the scheduled dates for the polling station elections.

We appreciate your understanding and cooperation as we work to address these challenges. Please accept the assurances of my highest consideration.

#### **Signed**

Justin Kodua Frimpong

General Secretary
